Information Security Consultant (m/f)

Innovative company in the area of information technology, itrust consulting implements its missions related to consulting, audit, technical expertise, research and training thanks to a team of 19 young security consultants and IT engineers. itrust consulting is looking for an enthusiastic specialist in Information Security in order to strengthen its team of consultants, working in direct contact with the clients.

Missions:

- Risk analysis;
- Organisational security audits;
- Consultancy missions;
- Coordination of development projects;
- Creation of ISMS documents;
- Implementation and validation of security tests.

Candidate profile:

- Be fluent in English, German or Luxembourgish, and French;
- Owner of a Master's degree in a subject directly linked to the information security field;
- Knowledge in security engineering, information security management systems and security protocols;
- Certification (lead auditor or implementor, Master in Security, or CISSP);
- 3 years' experience in security management;
- Be familiar with the SCRUM and HERMES methodologies;
- Intense knowledge on ISO 27001, 27002, 27005, legal context, information systems;
- Practical experience on risk assessment (Circulaire CSSF, EBIOS, Verence, RiskIT, ...).
- Be at ease while working with clients and partners;
- Owner of a driver's license and car in order to meet with clients.

Thank you for sending your most recently obtained diploma and ratings for the last two academic years, your updated CV, a letter of motivation and two articles, written by you (PDF) to Ms Marieta Dimitrova.
