Senior Computer Security Incident Handler (m/f)

Context:

Innovative company in the area of information technology, itrust consulting implements its missions related to consulting, audit, technical expertise, research and training thanks to a team of 15 young security consultants and IT engineers. itrust consulting is looking for an enthusiastic specialist in Computer Security Incident Handling in order to strengthen its team of consultants, working in direct contact with the clients.

Required technical skills:

- Application level security: web applications, databases, secure development;
- Operating Systems security, experience working with multiple operating systems;
- Anti-virus technologies;
- Network security: practical level understanding of common TCP/IP-based services and protocols including DNS, DHCP, HTTP, FTP, SSH, SMTP, Firewall theory, proxies/reverse proxies, IDPS, full packet capture analysis, etc.
- Vulnerability assessment and handling;
- Knowledge of development and scripting languages such as Python, C, Perl or Ruby, regular expressions, Linux shell, Windows Powershell.
- Deep hands-on experience in
 - Malware reverse engineering and handling malicious code incidents, with IDA or similar open source solutions;
 - Systems (file and memory) and network forensics analysis, with tools such as FTK, EnCase Enterprise;

Required diplomas or certifications:

- **EU citizenship is obligatory;**
- Master university degree or equivalent qualifications in the IT or IT security field; Minimum 7 years' experience after graduating, as an IT security incident responder, or malware/forensics analyst;
- Security certifications such as CISSP, SANS GIAC Certified Incident Handler (GCIH), GIAC Certified Forensic Analyst (GCFA), or the EnCase Certified Examiner (EnCE) are a clear advantage;
- Good communication and drafting skills in English or French (desired level C1).

Contact:

Thank you for sending your most recently obtained diploma, your CV and a motivational letter, specifically addressed to Marieta Dimitrova.
