

Practical advice to comply with GDPR – Data Privacy

Following the enactment on April 27, 2016 of the GDPR, the new Regulation (EU) 2016/679 of the European Parliament and of the Council on the protection of individuals with regard to the processing of personal data, all organizations processing data of EU citizens shall implement principles and protection measures.

This training aims at presenting GDPR requirements, both legal and technical, to guide the PII controllers and PII processors in managing compliance to the regulation in an effective and efficient way
