Risk Manager Information Security and Privacy (m/f)

Context

In order to strengthen its consulting team, itrust consulting would like to hire a specialist in Risk Management, working in direct contact with its customers.

Key Responsibilities

- Execute Risk Assessment using market-standard methodologies for risk analysis;
- Use the tools TRICK Service from itrust consulting and MONARC;
- Ensure Data Privacy Impact Assessments;
- Support the further development of TRICK Service, based on the market needs.

Profile of the candidate

- Master's degree in a subject directly linked to the field of information security;
- Expert knowledge of ISO/IEC 27005, ISO 31000, 31010, and ISO/IEC 27001, 27002, 27552, 29134;
- Proven experience moderating risk assessments at customers;
- Experienced in applying market proven methods and tools for risk analysis;
- Capability to work independently and within teams;
- Fluency in English and French, (Luxembourgish and German are considered as an advantage);
- Analytical and synthesis skills for writing technically correct, convincing and easy-to-understand reports;
- Excellent knowledge of Microsoft office tools Word, Excel, PowerPoint, Outlook will be considered as an advantage.

Thank you for sending your most recently obtained diploma and ratings for the last two academic years, your updated CV, a letter of motivation and two articles, written by you (PDF) to Ms Marieta Dimitrova.
