Business line Cybersecurity manager (m/f)

Context

To support a young dynamic team of cybersecurity experts, active both on consulting, research, and product development, itrust consulting is looking for a business line manager reporting to the managing director.

Activities

- Understanding customer needs related to cybersecurity (IDS, vulnerability mgt, risk mgt.),
- Defining objectives and tasks for research activities, contribute to opportunity studies,
- Acting as product manager for new cybersecurity products, in particular intrusion detection systems, risk assessment tools, vulnerability management systems,
- Selling cybersecurity products and services,
- Acting in a first phase as project manager to integrate new cybersecurity tools,
- Coaching and assisting security consultants and researchers.

Requirements

- Strong knowledge on cybersecurity aspects and strategies (IDS, vulnerability management, incident management, subcontracting).
- Project management skills (Quapital Hermes, Scrum, DevOps).
- Skills in economy to write and follow business plans
- Analytical and synthesis skills for writing technically correct, convincing and easy-to-understand reports and presenting solutions to customers;
- Abilities to perform technical security audits and Security consultancy is an advantage.

Profile of the candidate

- Master's degree in technical or economic science;
- Min 3 years of experience, ideally as CISO or Sales manager for security or IT solutions;
- Knowledge on Computer Systems (Linux, Windows 10, Mobile phones, Raspberry Pi)
- Fluency in English (French and Luxembourgish or German are considered as an advantage);
- Capability to work independently and within a team; and to act as team leader;
- Good knowledge of the Microsoft tools Word, Excel, PowerPoint, Visio.

Thank you for sending your most recently obtained diplomas and ratings for the last two academic years, your updated CV, a letter of motivation and two articles or reports, written by you (PDF) to Ms Marianne Guérin, info@itrust.lu.
