Business line Cybersecurity manager (m/f)

itrust consulting is a leading actor in the information security domain in Luxembourg, specialized in providing security services such as consultancy, technical and organizational audits, technical expertise, research and development and best practices-based security training in a dedicated training centre.

Context

itrust consulting has an opening for a motivated candidate as business line manager reporting to the managing director, to support a young dynamic team of cybersecurity experts, active both on consulting, research, and product development.

Your role and tasks

- Understand customer needs related to cybersecurity (IDS, vulnerability mgt, risk mgt.);
- Define objectives and tasks for research activities, contribute to opportunity studies;
- Act as product manager for new cybersecurity products, in particular intrusion detection systems, risk assessment tools and vulnerability management systems;
- Sell cybersecurity products and services;
- Act in a first phase as project manager to integrate new cybersecurity tools;
- Coach and assist security consultants and researchers.

Profile of the candidate

- Master's degree in technical or economic science;
- Min 3 years of experience, ideally as CISO or Sales manager for security or IT solutions;
- Strong knowledge on cybersecurity aspects and strategies (IDS, vulnerability management, incident management, subcontracting);
- Knowledge on Computer Systems (Linux, Windows 10, Mobile phones, Raspberry Pi); Proven competences in project management (Quapital Hermes, Scrum, DevOps);
- Talents in economy to write and follow business plans;
- Analytical and synthesis skills to write technically correct, convincing, and easy-to-understand reports and present solutions to customers;
- Capability to work independently and within a team; and to act as team leader;
- Abilities to perform technical security audits and Security consultancy is an advantage.
- Fluency in English (French and Luxembourgish or German are considered as an advantage);
- Excellent knowledge of Microsoft Office tools, namely Word, Excel and Visio.

What we offer you at itrust consulting

- An international environment and the opportunity to collaborate within a like-minded security team;
- An IT ecosystem convenient for teleworking and flexible working hours;
- Competitive working conditions and stimulating learning environment;
- Training and on-the-job-learning opportunities in autonomous work for customers under the supervision of experts of itrust consulting.

To apply, please send (in PDF format) your most recently obtained diploma and ratings for the last two academic years, an updated CV and a letter of motivation to Marianne Guérin, info@itrust.lu.
